IN THE MATTER Of The Complaint of Wisconsin Creek Limited Partnership Against the Montana Power Company.	))))	UTILITY DIVISION DOCKET NO. 92.8.42 ORDER NO. 5652

ORDER ON MOTION FOR
ENLARGEMENT OF TIME

On August 7, 1992 Wisconsin Creek Limited Partnership filed a complaint against the Montana Power Company (MPC). On September 11, 1992 the Commission issued a Notice of Complaint and directed MPC to answer the complaint by September 22, 1992. On September 22, 1992 MPC filed with the Commission a Motion for Enlargement of Time to file its answer. MPC states that it needs additional time because an employee necessary to answer the complaint is absent on other business, and because the complaint raises technical points that will take additional time to research.

Now Therefore It Is Ordered that MPC's Motion is granted. The time to answer the complaint is enlarged to October 5, 1992.
