Subject: Travel Request

President Brown:

I would appreciate your approval of this multi-faceted business travel for the week of Oct 2-6 (see attached). I am sorry I did not get this travel request turned into you last week. In addition to several pressing PSC matters, I was tied up in many hours of legislative meetings last week, plus travel to and from Helena. Although it was on my list, I could not find time to make these travel arrangements until early this morning.
