NorthWestern Energy Great Falls (NWE GF) is formerly Energy West

Average Bill - Natural Gas
Assume 30 days/100 therms

Average Bill - Electric
Assume 30 days/750 kwh

NOTES AND DISCLAIMERS:

This document reflects rates shown on tariffs filed and processed for each utility as of the first day of the month. Mid-month changes are not reflected on this document until the subsequent month.

Gas supply rates for each company may include transportation and storage costs from other parties.

Montana Dakota Utilities (MDU) electric power supply costs consist of fuel used in its generating stations, energy purchases from MISO, capacity purchases, generating station pipeline charges, and reagent costs.

NorthWestern Energy (NWE) electric supply rate includes the annual variable costs associated with the production and procurement of energy supplies which is calculated annually through its Power Costs and Credit Adjustment Mechanism (“PCCAM”). In addition, it includes the recovery of certain fixed costs approved in its last electric general rate case.

NWE gas supply rate includes the cost of gas and gas transportation from other suppliers, as well as the Battle Creek, Bear Paw, and Devon revenue requirements.

Tax tracking adjustments are included in the total rate for NWE gas and NWE electric; and are included in the average bill for MDU gas, MDU electric, and NWE Great Falls (formerly Energy West).
