Knowledge of detailed balance sheet and income statement information for each subsidiary is limited to employees who have a business need to know each of the respective subsidiaries and at corporate headquarters. Specific measures to guard the confidentiality of this information cover not only disclosure, but also transmission, reproduction, and destruction of this proprietary information.

Disclosure of balance sheet and income statement information for individual subsidiaries is not made available outside of Qwest unless it is for business reasons such as financial loan or contractual requirements. In these cases, the information is required to be kept confidential. Disclosure of financial information to the public is generally limited to the consolidated Qwest Services Corporation level, in accordance with SEC regulations. The individual subsidiary financial statements may be considered material insider information under Federal and State Securities laws.

The revenue, expenses and balance sheet information is tantamount in many instances to line of business data that can give competitors valuable insights into specific Qwest subsidiaries and their activities regarding pricing and expenditure strategies and give them an unfair advantage to attract Qwest customers. This information discloses line of business profitability, sales and investment data. In other instances, the corporation could be negatively affected in its competitive environment if information regarding its cost structure and R&D activity is released publicly.

Significant expenditures have been made in the design, development, and maintenance of systems that initiate process and collect financial data. The need to protect confidential information is stressed throughout the process and is the ongoing subject of internal audit review.

Calendar Year 2013 ARMIS Reports

By orders FCC 08-120, FCC 08-203 and FCC 08-271, the Federal Communications Commission (FCC) granted AT&T, Verizon and Qwest forbearance from most ARMIS reporting requirements. Consequently, beginning with calendar year 2008, and with limited exceptions, Qwest no longer files ARMIS reports. The exceptions include the ARMIS Operating Data Report, Table III, cols. FC, FD, FE (FCC 08-203 ¶19) and FI (FCC 08-203 ¶20). In addition, Qwest must collect data required for the ARMIS Service Quality and Customer Satisfaction Reports until September 6, 2010 and make the data publicly available. (FCC 08-203 ¶¶12, 21 and ¶48)

All ARMIS data that Qwest files with the FCC can be obtained at the FCC's ARMIS website: <http://www.fcc.gov/wcb/armis/>

AMENDMENT NO. 40 TO WHOLESALE SERVICES AGREEMENT

THIS AMENDMENT NO. 40 (this "Amendment") is by and between **Qwest Communications Company, LLC dba CenturyLink QCC** ("CenturyLink") and **Qwest Corporation dba CenturyLink QC** ("Customer") and amends the Wholesale Services Agreement between Customer and CenturyLink dated effective as of July 29, 2004, as may have been previously amended by amendment, addenda or rate change notification (the "Agreement"). This Amendment shall be effective as of the date when it has been signed by both Parties (the "Amendment Effective Date"). All capitalized terms used herein which are not defined herein shall have the definitions ascribed to them in the Agreement. The Parties hereby agree to amend the Agreement as follows:

1. New Services.¹ The service descriptions and related rate exhibits set forth in Exhibit IPE-2 Select attached to this Amendment (the "New Services") shall be added to the Amendment and shall replace and supersede in their entirety certain service descriptions and rates as previously attached to the Agreement (or any amendment, addenda or rate change notification to the Agreement), including without limitation, Exhibit IPE-2 Preferred (the "Old Services"). The list of Service Exhibits in the "Applicable Services" portion of the Agreement shall be deemed revised by the deletion of the Old Services and the addition of the New Services. CenturyLink agrees to provide the New Services in accordance with the terms of the Agreement and this Amendment. The terms, rates and discounts, if any, for the New Services shall be effective as of the first business day of Customer's next full monthly billing cycle following the Amendment Effective Date, provided, however that the rates for any Old Services in place as of the Amendment Effective Date shall continue to apply until the expiration of the applicable service term for such Old Services and until changed pursuant to Customer order.

2. Effective Date. This Amendment shall be effective as of the date it is executed by the last Party to execute (the "Amendment Effective date") and be deemed incorporated by reference into the Agreement; provided however, that if under applicable law, this Agreement or notice thereof must be filed with a governmental entity, including, but not limited to, a state public utility commission, this Agreement shall not become effective with respect to the jurisdiction having such requirements until such filing have occurred. In particular, this Agreement shall not be effective with respect to the State of Washington until it is filed with Washington Utilities and Transportation Commission. The terms, rates and discounts, if any, for the New Services shall be effective as of the Amendment Effective Date.

3. Miscellaneous. All other terms and conditions in the Agreement shall remain in full force and effect and be binding upon the Parties. This Amendment and the Agreement set forth the entire understanding between the Parties as to the subject matter herein, and in the event there are any inconsistencies between the two documents, the terms of this Amendment shall control. To the extent that the terms of any New Service exhibit are inconsistent with the terms of this Amendment or the Agreement, the terms of the New Service exhibit shall control.

4. Counterparts and Facsimile Signatures. This Agreement may be executed by the Parties in separate counterparts, each of which, when so executed and delivered, will be an original, but all such counterparts will together constitute one and the same Agreement. Facsimile signatures will be deemed to be, and will constitute and be treated as, an original signed document or counterpart, as applicable. CenturyLink will provide the Agreement or any amendment thereto for execution.

IN WITNESS WHEREOF, an authorized representative of each Party has executed this Amendment as of the Amendment Effective Date.
